GIRL TELLS ACCUSED DOCTOR'S LOVE STORY Bride Collapses as Alleged Poisoner Goes to Jail COWARDICE OF VOLTURNO CREW CAUSED DEATH OF PASSENGERS

CHAUFFEUR HELD FOR ACCIDENT TO GIRL

Says He Saw Young Woman, but Thought She Would Stop for Machine.

W. E. Brown, the chauffeur who ran over and seriously injured Miss Mary Hughes, No. 17 West Main street, Saturday afternoon, was placed in custody late Monday morning after an arrest had been issued by Assistant Chief Jett that he be found. Chief Jett's order was not given until Otto Von B. Dingelhoff, an attorney in the Chandler Building and owner of the automobile, had failed to give his promise to produce the driver. Brown, who is 17 years old, said he was at No. 268 South Ashby street when he saw Miss Hughes, but thought she would stop to let him pass. He denied that he was speeding.

Deputies Publicity.
Brown was brought to the police station by Dingelhoff. Both refused to give out any statement for publication.

The attorney deplored the publicity that had already been given to the young woman's accident.

There has been too much said about the accident already," he declared.

The chauffeur was charged with reckless driving, and is being held pending the report of Police Surgeon, who was sent to Miss Hughes' home to ascertain the extent of her injuries. The amount of his bond will be determined by the report.

Hides His Identity.
The identity of the chauffeur was not learned by the police at the time of the accident. They relied upon the word of his employer, Attorney Dingelhoff, that he would guarantee his presence at police headquarters Monday morning, where a case might be made against the chauffeur and the hearing set for a time when Miss Hughes will be able to testify in respect to the accident.

When Dingelhoff and his chauffeur failed to appear early Monday morning, Assistant Chief Jett ordered Captain May to have a policeman sent after the chauffeur, after allowing a reasonable time for him to show up. Special Officer Arthur was detailed to get the driver.

Must Stop Speeding.
Chief Jett declared that he was not going to take any chances on the chauffeur getting away, and for this reason ordered an officer sent for him. "Beckless, speeding, must be stopped on the streets of Atlanta," Chief Jett declared.

The chauffeur was careless or violating any traffic regulations, the court certainly will make every effort to have him punished as he should be. The policeman here orders to make a complete stop at the exact instant, and they may be suspended upon it."

POWERS OF Dictator SEIZED BY HUERTA

Powers Prepare to Act as Mexican President Overthrows Constitution in Proclamation.

Special Cable to The Atlanta Georgian.
MEXICO CITY, Oct. 13.—Victoriano Huerta, provisional President, today proclaimed himself dictator of Mexico and overthrew the constitution.

Huerta issued a decree announcing that he has assumed all the former powers of Congress relating to war, finance and the domestic affairs of the nation. He says he will permit the Department of Justice to exercise its usual functions "unless it interferes with his duties," which will be based from time to time.

Quick Action Expected.
He declares himself to make a due report of his actions to the next Congress, to be elected on October 26.

All of today's papers carry dispatches from Vera Cruz stating that Huerta's marshals have been seen in the Gulf of Mexico, and the belief is growing that quick and decisive action is to be taken by the powers in the present crisis.

The government is arranging to rush the trial of the accused dictator, but this is expected to be a farce in view of Huerta's decree, which virtually says the Department of Justice must do as he says.

U. S. Warns Huerta Not to Harm Poles.
WASHINGTON, Oct. 13.—The United States today served notice on President Huerta, through the Embassy at Mexico City, that the Mexican government must protect the imprisoned delegates, and that this government will continue to view him as an extreme measure against the political prisoners.

General Felix Diaz, who is returning to Mexico from Europe, has been warned in a cable dispatch sent to Havana that General Huerta has arranged to have him assassinated.

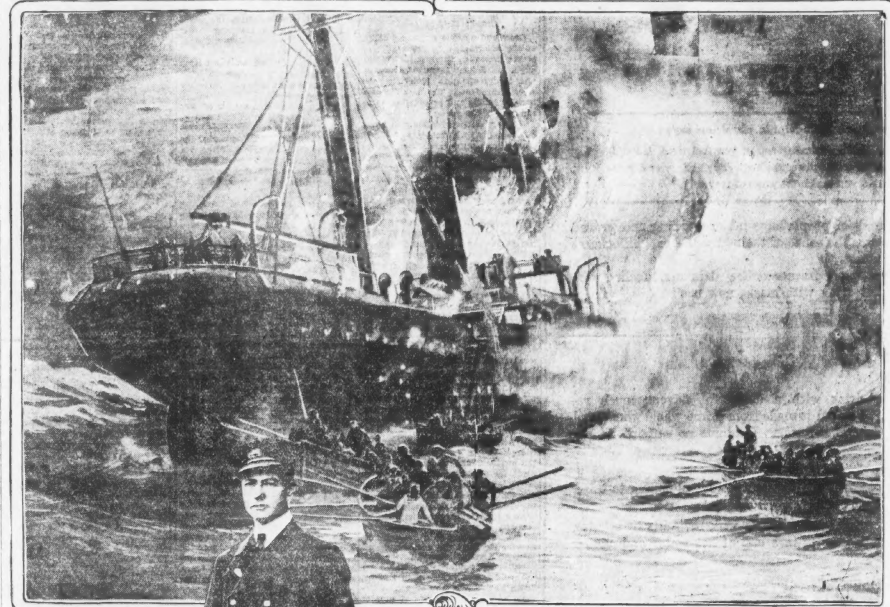

The dispatch was sent today to friends of Diaz after they had learned that two members of the Mexican secret service had been sent to Vera Cruz.

The situation here was unchanged today, with troops and machine guns held in readiness in case of any attacks.

Eryan Gives Time to Situation in Mexico.
ASHVILLE, Oct. 13.—Secretary of State William J. Bryan passed through Asheville early this morning en route to Washington, declaring that developments in the Mexican situation demanded his presence there. Further than this Secretary Bryan would not be asked. He gave a few words, and then he had in Virginia to rush back to Washington.

Graphic Stories of Rescue of Passengers Told as Survivors Land.
Special Cable to The Atlanta Georgian.
FIRINGHAR, WALES, Oct. 13.—All the passengers of the burned Uranium liner Volturmo could have been saved but for the cowardice of her crew.

That more than 100 persons, the bulk of the passengers, were saved was due alone to the heroic behavior of the Volturmo's captain, Captain Thomas Inch.

These facts were learned here this afternoon on the arrival of the Cunard liner Carmania, the first ship to pick up the Volturmo's crew and find to her assistance. The Carmania was delayed several hours because of a storm that was coming in the Atlantic.

The charge of Walter Trintopoli, a stevedore passenger, who was picked up by the Carmania, that members of the crew fought for places in the lifeboats until Captain Inch drew his revolver was borne out by other facts. Twenty-five members of the crew of 32 were saved. Thus, of those who perished 67 were women. According to Trintopoli 61 sailors were killed while fighting the flames. The rest died as a result of their own cowardice.

Salvors in Wild Panic.

Most of the women on the Volturmo were Germans and Belgians. When they saw that the ship was doomed, they became panic-stricken. After Captain Inch had given orders to leave the boats and had instructed his crew to save the women and children, they were saved for first, the cowardly seamen made a dash for the boats and a train of life. The officers were left at the last moment.

AUTO TRAPS OF BARRON WITH GIRL PROBED

Physician Declared to Have Been Out Riding as Wife Lay on Deathbed.

By a Staff Correspondent.
GRIFFIN, GA., Oct. 13.—Investigation into the Barron poison mystery took a sharp turn Monday morning into the courtship of Dr. Cary A. Barron and Miss Clara Wheeler, of Conyers, his bride of a week, which the authorities declare is as mysterious as the strange death of the young physician's first wife, whom he is accused of poisoning.

This inquiry, being conducted in Henry and Rockdale Counties with the view of obtaining evidence of clandestine meetings to refute statements of Dr. Barron that he never made love to Miss Wheeler prior to the death of his wife and his hasty marriage to the Conyers girl the day following the funeral.

While the accused physician insists that he was never in the company of Miss Wheeler but one time after he met her the first of September, relatives of the dead wife and the authorities are in possession of messages that may have been sent out unattended with her the whole of Friday afternoon a week ago while his wife lay dying with convulsions.

Efforts also are being made to verify information that Dr. Barron took the girl to a show in Conyers that some night or afternoon before his return to the bedside of his wife. Relatives of the dead woman and officers stand as ridiculous the doctor's story that he had never made love to Miss Wheeler and did not love her at the time of his marriage.

After Secret Meetings.
They declare there must have been clandestine meetings and the whole of the two counties is being searched for persons who may have seen them together. Sheriff A. C. Howell, of Henry County, where Dr. Barron is held in jail, has received numerous reports concerning the accused man's conduct. He brought up the possibility in this section over the tragedy that everyone who chances to hear a rumor immediately conveys it to the Sheriff.

Sheriff Howell late Sunday morning drove seven miles in an automobile to White House, the scene of the tragedy, and questioned Miss Lucy Glendon, a 17-year-old girl friend of the doctor's bride.

Miss Glendon was in Kelly's Church, Henry County, of the First Dr. Barron first met Miss Wheeler, and later was in their company on an auto trip to the dam of the Central Georgia Power Company near Jackson.

Miss Glendon denied there was any love-making between Dr. Barron and Miss Wheeler on this trip, and declared the physician had no attention whatever to the girl.

She admitted, however, that Miss Wheeler was very attractive.

COUNSEL FOR ACCUSED PHYSICIAN BEGS PUBLIC TO SUSPEND JUDGMENT

DR. BARRON DECLARES HE TOOK BRIDE TO CARE FOR CHILDREN

Dr. Gary A. Barron Monday, in his cell at McDonough, gave to The Georgian the following remarkable explanation of his marriage the day after the death of the wife he is accused of having poisoned.

I never spoke a word of love to my present bride while my late wife lived. When my wife died I thought of the welfare of my children and decided to marry again in order that they might have a mother and might be under my direct care. As Miss Wheeler had impressed me favorably I thought she would make a good mother for the children, and after the funeral I drove to Conyers, and asked her if she would marry me. She said she would, declaring at the same time that she would love me, and I saw no reason under the circumstances for waiting longer.

I had never loved Miss Wheeler before the death of my wife, but I loved her from the moment we were married. I have grown to love her more and more. My only thought now is to clear my name and live for her and my little children.

Continued From Page 1

this awful stigma and live for her and my small little children.

I could not be separated from them. I'd rather be dead.

As to the charge that he married an Atlanta girl four years ago while he was attending a medical college and while his wife was with her people in Milan, Dr. Barron would not say.

Neither would he make any statement as to his alleged elopement with a married woman, his January and the ensuing separation from his wife.

I have nothing whatever to say to you about this.

Bride Collapses.

Crushed by the charge that her husband of a week poisoned his first wife, Dr. Barron Monday morning, a bride, who became the bride of the day, collapsed.

She was in a state of nervous collapse Monday.

HUERTA SEIZES GOVERNMENT AS DICTATOR

Powers Prepare to Act as Mexican President Overthrew Constitution in Proclamation.

Special Cable to The Atlanta Georgian.

MEXICO CITY, Oct. 12.—Viceroy Huerta, provisional President, has proclaimed himself dictator of Mexico and overthrew the constitution.

Huerta issued a decree authorizing that he has assumed all the powers of Congress, to be able to execute the decrees of the nation. He said he will permit the Department of Justice to exercise its usual functions, but it will be subject to his orders.

The constitutional exemption of members of Congress from arrest is revoked by the decree, and the dictator proclaims that he alone is the supreme power in Mexico.

He pledges himself to make a decision of the actions to the next Congress, to be elected on October 25.

All of today's papers carry dispatches from Vera Cruz stating that British warships have been seen in the Gulf of Mexico and the belief is growing that quick and decisive action is to be taken by the powers of the present crisis.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism and Serious Diseases Follow.

There are other symptoms, such as pains in the region of the kidneys, vertigo, dizziness, tired and worn feeling, weak bladder or urinary troubles, which are just as dangerous for the slightest kidney derangement. If neglected, may develop into the deadly Bright's disease, Gravel or diabetes.

It is not only dangerous, but needless, for you to suffer and endure the tortures of these troubles, when Croxon's promptly ends all such misery.

There is no more effective remedy for kidney, bladder trouble and rheumatism than Croxon's, because it reaches the cause. It works right into the kidneys, through the walls and linings, cleans out the clogged up pores, neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxon's a day for a few days is often all that is ever needed to relieve the worst headache or overcome disagreeable urinary disorders.

You will find Croxon's different from other remedies. It is so prepared that it is pleasant to take without results. An occasional dose will relieve you of a headache, and all druggists are anxious to return the purchase price if it should fail in a single dose.

M. Atkinson, co-receiver with E. T. Lamb, of the Atlanta, Birmingham and Atlantic Railroad, are in close touch with the money situation here and judge their statements by their observations.

"Plenty of cotton and good prices for it make money conditions as free in Georgia that not only are the country banks paying their obligations to the larger institutions, but they even are anticipating the date of their notes in many instances," said Colonel Peel.

"Good weather through October and November, such as we have had for the last few weeks, will launch their grain into the market early. It has rained for many a year.

"Already farmers are paying notes to their supply merchants which are two and three years old. The state should be wiped clean this fall, and that will be an incalculable blessing to Georgia.

"This money flows to the country banks, from them to Atlanta, and from Atlanta to New York, for the city institutions already are paying their obligations in the East."

Charleston Liquor Crusade Is Failure

CHARLESTON, Oct. 12.—The Grand Jury's presentation today mentions the disposition of 200 bottles for liquor indictments, 42 of which were thrown out and the balance handed back to the Solicitor without action.

The report recommends two more public schools for Charleston to take care of the increase in school children, and declares that questionable houses should be closed on streets leading to the Mullanbarger school.

THROAT Troubles ARE Dangerous

because the swollen glands and inflamed membranes often affect other tissues and impair their healthy action.

Scott's Emulsion stands alone as nature's corrector of throat troubles. It is converted into germ-killing tissue, which is curative and healing, while the combined emulsion builds the forces to ward off the weakening influence which always follows throat troubles.

SCOTT'S EMULSION is not for the throat troubles it cures a variety of ailments and restores the system to health.

Hobson admitted that part of the time he was absent he was campaigning for the Senate in Alabama and part of the time he was lecturing.

He declared that he sought to do useful things for the people of his district while he was absent from the House.

"Let us sum up the charges made by Mr. Donovan," said Hobson. "The records show I was here at all times when important business was transacted. Mr. Donovan's charges are false and untrue."

Hobson declared it is his duty as a member of the House to be present at all times when important business is pending in Congress and the member should devote himself to other matters.

"Yes, Mr. Speaker, I lecture," continued Hobson, "and having covered the duties of a member that I believe I command the largest fee that is paid I can make three or four times my congressional salary on the lecture platform."

Underwood was cheered vigorously at the close of his speech.

When Hobson took the floor to deny the charges made by Representative Donovan that he has been absent from his duties since May 7, he declared he has been in the

Another Stylish Gown Described Simply, and Valuable Dress Hints

To-day Miss Ward presents a gown in which satin or charmeuse or chiffon velvet can form the upper blouse.

This part of the gown is artfully arranged so as to give an appearance of added height to the wearer.

This is effected by long shoulder seams, long draped sleeve and straight lines of trimming over the shoulders.

Miss Ward in the accompanying article describes this gown in every detail so that it can easily be copied.

Her charming hat is also gone over for the benefit of the women readers of this page.

At a fishing contest in which about 200 fishermen were taking part, one of them had brought with him a beer jar containing beer. The contest was being organized by the fishing club, and the competitor with the beer jar was asked to ask a friend who sat at the extreme end of the line of contestants to have a drink, called a "pull," from the beer jar. The jar to Mr. Robinson, with the request that he should "have a pull." The boy took the jar, and in a very short time returned with it quite empty.

"Why, where's all the beer gone?" asked the man who had sent him.

"Please, sir," said the lad, "the beer was all drunk by Mr. Robinson's friend."

"Who?" asked the man.

A rich, nourishing food-drink, with a delightful flavour much resembling high-grade Java. Postum is made from prime whole wheat, and a small per cent of New Orleans molasses. Contains no caffeine or any other drug.

Postum comes in two forms.

Regular Postum requires fifteen to twenty minutes boiling to bring out the rich flavour and food value.

Instant Postum requires no boiling, but is made instantly by stirring a teaspoonful of the soluble powder in a cup of hot water and adding cream and sugar to taste.

Hundreds of New Suits Make Their First Bow to the Women of Atlanta

The Most Impressive Display of Suits We Have Made So Far This Season.

We must lay particular stress upon the quantity of new suits that have just taken their places in the second floor.

It is impressive, and did one stop to reflect on its meaning, it would teach a fine lesson to the woman who has not yet been "suited."

Back of all these hundreds of suits that we will show to-morrow is a fine amount of confidence, of confidence in the women of Atlanta and in the styles, the desirability of these suits.

We know the suits are right, we know they are such that Atlanta women will want once they are seen!

The suit buyer is now in New York and these are the evidence of his labors.

But, the suits

How should we pen accurate descriptions to so many, how shall we give you an idea of what to expect?

Only in the most general way, leaving it to your greater pleasure to discover the one most interesting to you.

If there is one term that comes closest to describing what the suits are, it is

Novelties

These are novelties of the latest moment, and the cry is for novelties---it seems an echo to the voice of the good Dame who rules the fashions.

It may be a novelty because it is a velvet suit, because it is fur-trimmed, because it shows an odd little vest, because of its Oriental trimmings, because of the very graceful and unusual draping of the skirt---the advertising pen has had no such task before it this season, it outlines weakly the picture that you will see here.

Let it attempt another method---

These suits are from New York's stalwarts in the suit-making business, from those men who stand head and shoulders above the ordinary, who do things in a successful way. And, to make suits in this fashion, means that one must keep in touch with Paris.

The suits reflect Paris---they are copies of Paris models, others are adaptations, toned down a bit for American women. And so we revert to what we said above---

This is the Most Impressive Display of Suits We Have Made So Far This Season

and you are invited to make use of it to the end that your Fall suit shall be as smart and charming as, coming from this finest gathering of suits Atlanta has known, it could possibly be.

The Price Range is Most Satisfactory--Beginning at \$25.00 It Goes Very Gradually to \$75.00

Continued in Last Column.

By REV. C. F. AKED, D. D.

And it is Jack London who is the avowed author of the most thoroughgoing and enthusiastic plea for prohibition issued within the memory of this generation! He declares that prohibition will hurt nobody—except a few taverns and seasoned drinkers. He declares that if the women kill the saloon the young men growing up will never miss it. "They will grow the saloon only in the pages of history, and they will think of the saloon as a quaint old custom similar to bull-baiting and
